

General guidelines to curb the menace of noise pollution during the ensuing
Durga Puja- 2011

- 1) No microphone/loud speaker should be allowed to be used without permission from the district/police Authorities.
- 2) No microphone/Loud speaker shall be operated without fixing sound limiter in the amplifier. Maximum permissible sound is 65 DB(a). The violators will be liable to be prosecuted along with seizure of the PA system and equipment.
- 3) No one dealing with hiring or letting out of Microphone/Amplifiers shall let them out without being fitted with sound limiters.
- 4) No loud speaker to be allowed between 10.00 P.M and 07.00 AM except for specially permitted cultural functions to be held within an enclosed place.
- 5) No crackers/patakas generating noise level more than 90Db(AL) at a distance of 05 meters from the point of bursting to be permitted. In this connection the band crackers/patakas include "Kali" pataka, 'Dodoma', 'Seven shots', 'Rocket Bomb' and similar other noise making fire works by any name.
- 6) Such crackers/ Patakas as have sound impulse beyond 90 DB(AL) shall not be manufactured without express permission of the State Pollution Control Board and shall not be allowed to be transported outside the State without police escort.
- 7) No manufacture, storage and sale of Crackers/Patakas shall be allowed without the requisite license from the competent authority.
- 8) Norms stipulated for silence zone should be strictly enforced. No musical/ Cultural functions ,beating of drums, honking of horns,use of microphone/Loudspeakers shall be allowed.
- 9) Strict compliance of Noise Pollution Regulation and Control Rules-2000 as also the stipulation mandated by the Hon'ble High Court ,Kolkata in C.O No-4303(W) of 1995 and other relevant orders.
